Forecast for Tuesday 06 Sep 2022

Weather: A mostly cloudy day with scattered showers or some longer spells of rain. The showers will become heavy at times with small risk of thunderstorms. Some brightness over hills west of the A9 in the afternoon but staying misty and drizzly over Aberdeenshire and Angus.

Chance of cloud-free hill tops above 800m: 30%, best in southwest of area.

Low Cloud and visibility: Generally misty conditions with extensive fog above about 600 to 700m. Pockets of good visibility and higher cloud bases, more especially over ranges west of the A9.

Met Office Aberdeen Meteorologist's View
Some difficult walking conditions due to extensive fog over higher elevations. Also increasing chance during the day of catching a heavy shower.

Forecast for Wednesday 07 Sep 2022
Weather: Another mainly cloudy day with patchy rain and drizzle. Also some heavy showers breaking out in the afternoon. Some drier, brighter interludes, more especially in northwest of area.

Maximum wind: Southeast winds with average speeds of 15 to 20mph and gusts 30mph on the tops.

Chance of cloud-free hill tops above 800m: 30%, best chances in northwest of area.

Low Cloud and visibility: Once again extensive mist with fog above about 600 to 700m. Occasionally good visibility and higher cloud bases between showers, especially in west of area.

Temperature: **Glens:** 14 Celsius rising to 18 Celsius.
At 800m: Plus 14 Celsius.
Freezing level: Staying well above the summits.
